

## WASTE MANGEMENT POLICY

At St Paul's Walden Nursery we value our environment and in order to keep our earth safe for our children we closely monitor the management our waste and its disposal in accordance with local authority requirements.

Staff are made aware of the need to minimise energy waste and the nursery uses appropriate measures to save energy, including;

- energy saving light bulbs
- turning off lights when not in use.
- not leaving any equipment on standby

The nursery recycles paper waste at paper banks and ensures that where possible other sources of waste are recycled to reduce the effect on the environment.

We assess our nursery's impact on the environment on a regular basis and place procedures in place to counteract this impact.

This policy is reviewed annually and is carefully considered in the best interests of the children, nursery and the environment.
